# Simmons First National Corporation Reports Record Quarterly Earnings of \$83.3 million for the Fourth Quarter of 2022 and Earnings Per Diluted Share of \$0.65

PINE BLUFF, Ark., Jan. 24, 2023 /PRNewswire/ --

#### George A. Makris, Jr., Simmons' Executive Chairman, commented on financial results

During 2022, we completed a number of strategic initiatives, including the successful merger and integration of Spirit of Texas Bancshares, Inc., and delivered solid financial results while also navigating a challenging interest rate environment. First, and foremost, we were able to meet the needs of our customers and the markets we serve as total loans increased \$4.1 billion and total deposits increased \$3.2 billion during the year. Solid balance sheet growth helped us achieve the highest level of revenue in Simmons' history. That growth did not come at the expense of maintaining our conservative underwriting standards as credit quality metrics remain at historically low levels.

Equally important, Simmons continued to maintain a strong capital position with all of our regulatory capital ratios significantly exceeding "well capitalized" levels. As a result, our Board of Directors approved a 5 percent increase in the cash dividend for the first quarter of 2023. This marks the 114<sup>th</sup> consecutive year that Simmons has paid cash dividends to its shareholders, a record that less than 25 other U.S. publicly traded companies can match.

We have developed an outstanding management team – one that is deep on talent and experience, but also has a long runway ahead of them. Our foundation is strong and our team is prepared to capitalize on the opportunity to grow organically within our footprint and deliver on our "Better Bank" initiative focused on people, processes and systems.

#### **Net Interest Income**

Net interest income for the fourth quarter of 2022 totaled \$193.0 million, relatively unchanged from third quarter 2022 levels and up 26 percent compared to the fourth quarter of 2021. Included in net interest income is accretion recognized on assets acquired, which totaled \$4.5 million in the fourth quarter of 2022 and \$5.8 million in both the third quarter of 2022 and fourth quarter of 2021. Also included is net interest income from Paycheck Protection Program (PPP) loans totaling \$0.1 million in the fourth quarter of 2022, \$0.2 million in the third quarter of 2022 and \$5.1 million in the fourth quarter of 2021. On a linked quarter basis, interest income increased \$34.0 million, or 15 percent, while interest expense increased \$34.5 million. The increase in interest expense reflected the continued impact of higher interest rates, as well as a strategic decision to extend the duration of certain wholesale deposit maturities to reduce funding cost rate sensitivity.

The yield on loans for the fourth quarter of 2022 was 5.40 percent, compared to 4.86 percent in the third quarter of 2022 and 4.58 percent in the fourth quarter of 2021. The yield on investment securities for the fourth quarter of 2022 was 2.68 percent, compared to 2.29 percent in the third quarter of 2022 and 1.74 percent in the fourth quarter of 2021. Cost of deposits for the fourth quarter of 2022 was 102 basis points, reflecting the higher interest rate environment, an increase in higher-rate time deposits and the strategic decision to extend the duration of certain wholesale deposit maturities that required prefunding cost to carry for a portion of the quarter. The net interest margin on a fully taxable equivalent basis for the fourth quarter of 2022 was 3.31 percent, compared to 3.34 percent for the third quarter of 2022 and 2.86 percent for the fourth quarter of 2021.

### **Noninterest Income**

Noninterest income for the fourth quarter of 2022 was \$44.6 million, compared to \$43.0 million in the third quarter of 2022 and \$46.6 million in the fourth quarter of 2021. Included in fourth quarter 2022 results is a \$4.1 million gain on an insurance settlement related to a weather event that caused severe damage to one of our branch locations. The fourth quarter of 2021 included a \$3.1 million gain in connection with a legal settlement. Adjusted noninterest income for the fourth quarter of 2022 was \$40.6 million, compared to \$42.7 million for the third quarter of 2022 and \$46.6 million for the fourth quarter of 2021. The decrease in adjusted noninterest income on both a linked quarter basis and a year-over-year basis was primarily attributable to a decline in mortgage lending income, resulting from reduced activity throughout the housing industry given the dramatic increase in interest rates.

# **Noninterest Expense**

Noninterest expense for the fourth quarter of 2022 was \$142.6 million, compared to \$138.9 million in the third quarter of 2022 and \$141.6 million in the fourth quarter of 2021. Included in noninterest expense are certain items, primarily consisting of merger related and branch right sizing costs, totaling \$1.1 million in the fourth quarter of 2022, \$2.6 million in the third quarter of 2022 and \$15.2 million in the fourth quarter of 2021. Excluding these items (which are described in the "Reconciliation of Non-GAAP Financial Measures" tables below), adjusted noninterest expense was \$141.4 million in the fourth quarter of 2022, \$136.4 million in the third quarter of 2022 and \$126.4 million in the fourth quarter of 2021. The increase in adjusted noninterest expense on a linked quarter basis was primarily due to an increase in FDIC deposit assessment, state banking assessment and salaries and employee benefits which reflected certain incentive compensation accrual adjustments recorded in the third quarter of 2022. Expenses in the fourth quarter also included the amortization of certain tax credits, the offset of which is recorded in provision for income taxes. The increase in adjusted noninterest expense compared to the fourth quarter of 2021 primarily reflects the addition of Spirit of Texas Bancshares, Inc. (Spirit).

## **Loans and Unfunded Loan Commitments**

Total loans at the end of the fourth quarter of 2022 were \$16.1 billion, up \$535 million, or 3 percent, compared to \$15.6 billion at the end of the third quarter of 2022. On a year-over-year basis, total loans were up \$4.1 billion, or 34 percent, reflecting widespread loan growth throughout our geographic markets and in each of our core banking units, coupled with the acquisition of Spirit that was completed early in the second quarter of 2022. The increase in total loans more than offset declines in PPP loans, mortgage warehouse lending and planned declines in our energy portfolio. Loan growth in the fourth quarter of 2022 was weighted toward the latter half of the quarter as period-end loans exceeded average total loans of \$15.9 billion for the fourth quarter of 2022.

Unfunded commitments at the end of the fourth quarter of 2022 were \$5.0 billion, compared to \$5.1 billion at the end of the third quarter of 2022 and \$2.9 billion at the end of the fourth quarter of 2021. While unfunded commitments are considered a key indicator of future loan growth, softening prospects of economic growth given current market conditions and increased concerns of a potential recession in the U.S. have resulted in lower activity in our commercial loan pipeline. As such, our emphasis remains on maintaining prudent underwriting standards and disciplined pricing strategies. Commercial loans approved and ready to close at the end of the fourth quarter of 2022 totaled \$270 million and the rate on ready to close commercial loans was 6.85 percent, up 101 basis points from the rate on ready to close commercial loans at the end of the third quarter of 2022.

Noninterest bearing deposits totaled \$6.0 billion at the end of the fourth quarter of 2022, compared to \$6.2 billion at the end of the third quarter of 2022 and \$5.3 billion at the end of the fourth quarter of 2021. Time deposits totaled \$4.8 billion at the end of the fourth quarter of 2022, compared to \$3.8 billion at the end of the third quarter of 2022 and \$2.5 billion at the end of the fourth quarter of 2021. The change in mix of deposits on a linked quarter basis was primarily attributable to a strategic decision to extend the duration of certain wholesale deposit maturities to reduce funding cost rate sensitivity. The loan to deposit ratio ended the fourth quarter of 2022 and \$72 percent, compared to 70 percent at the end of the third quarter of 2022 and 62 percent at the end of the fourth quarter of 2021.

For the full year of 2022, net charge-offs were 9 basis points, compared to 13 basis points in 2021.

During 2022, provision for credit losses totaled \$14.1 million, compared to provision recapture of \$32.7 million in 2021. The allowance for credit losses on loans at the end of the fourth quarter of 2022 was \$197.0 million, compared to \$197.6 million at the end of the third quarter of 2022 and \$205.3 million at the end of the fourth quarter of 2021. The nonperforming loan coverage ratio ended the quarter at 334 percent, compared to 342 percent at the end of the third quarter of 2021 and 300 percent at the end of the fourth quarter of 2021. The reserve for unfunded commitments totaled \$41.9 million at the end of the fourth quarter of 2022, unchanged from third quarter 2022 levels and up from \$22.4 million at the end of the fourth quarter

## Capital

Total common stockholders' equity at the end of the fourth quarter of 2022 was \$3.3 billion, compared to \$3.2 billion at the end of both the third quarter of 2022 and the fourth quarter of 2021. The increase in common stockholders' equity on a linked quarter basis reflected an increase in retained earnings and a decrease in the unrealized losses associated with investment securities classified as available-for-sale. Book value per share at the end of the fourth quarter of 2022 was \$25.73, compared to \$24.87 at the end of the third quarter of 2022 and \$28.82 at the end of the fourth quarter of 2021. Tangible book value per share was \$14.33 at the end of the fourth quarter of 2022, compared to \$13.51 at the end of the third quarter of 2022 and \$1.71 at the end of the fourth quarter of 2021. ## **Share Repurchase Program and Cash Dividend**

Simmons has a strong track record of returning capital to its shareholders through a strategic combination of cash dividends and share repurchases. During 2022, Simmons returned \$205.1 million of capital to shareholders, including \$94.1 million through the payment of cash dividends and \$111.0 million through share repurchases. As a result of Simmons' solid capital position and its ability to organically generate capital, the board of directors declared a cash dividend on Simmons' Class A common stock for the first quarter of 2023 of \$0.20 per share, which represents a 5 percent increase from the cash dividend paid for the same time period last year. The cash dividend is payable on April 3, 2023, to shareholders of record as of March 15, 2023. The indicated annualized cash dividend rate of \$0.80 for 2023 represents a ten-year compound annual growth rate of 7 percent and represents the 114<sup>th</sup> consecutive year that Simmons has paid cash dividends. According to research by Dividend Power, Simmons is one of only 24 U.S. publicly traded companies that have paid dividends for 100+ uninterrupted years. This marks the 12<sup>th</sup> consecutive year that Simmons has increased its dividend, earning it Dividend Power's designation as a "Dividend Contender," a title exclusively for companies that have increased their dividend for 10 to 24 consecutive years. As of December 16, 2022, Dividend Power research noted that Simmons is one of only 347 companies out of nearly 6,000 companies listed on the New York Stock Exchange (NYSE) and NASDAQ in 2022 to achieve this distinction.

During the fourth quarter of 2022, Simmons did not repurchase shares under its 2022 stock repurchase program (2022 Program). Remaining authorization under the 2022 Program as of December 31, 2022, was approximately \$80 million. Market conditions and our capital needs will drive the decision regarding future stock repurchases; the timing, pricing and amount of any repurchases under the 2022 Program will be determined by Simmons' management at its discretion; and the 2022 Program does not obligate Simmons to repurchase any common stock and may be modified, discontinued or suspended at any time without prior notice.
